Understanding Medicare Part D

How Part D Works

Medicare Prescription Drug Coverage (Part D)

- Medicare drug plans
 - Approved by Medicare
 - Run by private companies
 - Available to everyone with Medicare
- In most cases, you must join a plan to get coverage
- There are 2 ways to get coverage
 - Medicare Prescription Drug Plans (PDPs)
 - Medicare Advantage and other Medicare health plans with prescription drug coverage

Plans That Provide Medicare Prescription Drug Coverage

- Can offer different combinations of coverage and cost-sharing
- Must offer at least a standard level of coverage set by Medicare
- Vary in costs and drugs covered
 - Different tier and/or copayment/coinsurance levels
- Benefits and costs may change each year
